ABOUT ME

I am an energetic, proactive and results focused person. I love designing projects to ensure they achieve their fullest potential. I have excellent relationship-building skills and am especially resourceful in managing and solving complex problems. I enjoy serving people and assisting them to reach their highest goals.

SKILLS

- UX Design - User testing, prototyping, user/competitor research, user centred design.
- HTML5 & CSS3.
- JavaScript - jQuery

EDUCATION

2017 Diploma in Web Development and UX Design
Yoobee School of Design
(Graduating December 2017)

PAST STUDENT PROJECTS

Whitcoulls Libraria

A fully responsive peer-to-peer book-lending platform for Whitcoulls customers.

Wellington Waterfront

A fully responsive website advertising attractions along the Wellington Waterfront.
